

History's Mysteries...One More Headed to the Dustbin

Description

What caused the *RMS Titanic* to sink so quickly?

[The gCaptain Blog found something veeerrryyyy interesting.](#)

Note to those who think they know the “facts” of history today would be well served to know that they can’t possibly know all there is to know on the day things happened...

So, you curious mariners, engineers, and just plain curious people...go read how some archives led us to answering the question!
