

Back in (partial) battery

Description

Been a bit of a slog. Lots of real world work and family time, and will have to cobble together all the changes I was so used to in this theme I've used for 4 years. It broke and wouldn't let me get to the blog, or the dashboard of WordPress. Had to use some "old school" muck around in the database and MySQL password arena to get it to this stage, now will try to ship the edited theme files back over, hopefully without serious interruption....

So...on with the show over the next week, to get ready to 2011 VALOur-IT...Yeah...get out your plastic and get ready to donate...
