

## “The Heart of Steel” – A Story of Volunteers

### Description

Just found as a new post on [YouTube](#), a trailer for the film “The Heart of Steel,” the story of volunteers at Ground Zero.

This is a brief scene from “The Heart of Steel, a documentary about “The Renegade Volunteers”, an amazing group of ordinary citizens who boldly changed the relief effort in the aftermath of the September 11th Tragedy.

I shot this on a digital hi-8 camcorder entirely on donations. Check it out and visit [www.theheartofsteel.com](http://www.theheartofsteel.com) for more info.

“The Heart of Steel” will screen at the upcoming 2006 Tribeca Film Festival in the NY Specials section. For more information, please visit [www.tribecafilmfestival.org](http://www.tribecafilmfestival.org).
